Official Solicitation Price Sheet

APERS-24-0001 Project management oversight, cyber security assessment, ongoing cyber security monitoring, and virtual Chief Information Security Officer function

Prospective Contractor Name: _____

Instructions

1. Prospective Contractors should enter Prospective Contractor name in the blue-highlighted cell on this tab.

Table 1

1. Prospective Contractors **shall** identify the total one (1) year cost for the service.

2. This cost **must** include all costs associated with the activities and tasks that meet the Requirements of the RFP and all additional activities and tasks identified in the Prospective Contractor's proposal.

3. Prospective Contractors **shall** enter the total cost in the blue-highlighted cell in Table 1.

4. Cost Points will be awarded based on the total cost provided in Table 1.

Table 2

1. Prospective Contractors should provide a cost breakdown to complete each activity and task identified in the RFP, in the Prospective Contractor's proposal, and included in the total cost.

2. Prospective Contractors should provide the description, per unit cost, unit of measurement, and estimated number of units for each activity and task; the total costs will automatically populate.

3. Prospective Contractors may add lines to Table 2 as needed.

4. The total cost from Table 2 **must** match the total cost provided in Table 1.

5. In the event of a discrepancy between Tables 1 and 2, Table 1 **shall** govern.

6. As requested by the State, Prospective Contractors **shall** provide further breakdown of identified cost during the Discussion Phase. The cost **must** not exceed what is identified in Table 1.
